Optics

Honeycomb / Microprism / Opal

Feed cable

Single lead cable per line system.

Continuous line

Three simple steps to a clever solution that fits right into your vision. A guiding light, leading towards the long corridors or wrapping your room.

What about corners? The line of light follows the path and guides you, softly illuminating the way. Corner modules help build continuous lines through twists and turns, matching the room.

Order example

Ordering Neman Wall is as easy as installing it. Just choose the right types, lengths, and some other parameters of the module. And that's it!

Order example

1 pc **Module**
Neman W STA OP W11/W11
930 PB L1400 DA

1 pc **Module**
Neman W MID OP W11/W11
930 PB L1400 DA

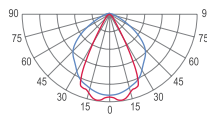

1 pc **Module**
Neman W END OP W11/W11
930 PB L1400 DA

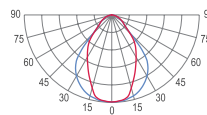

More or less?

Direct

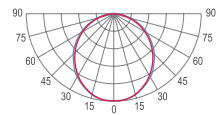

Unintrusive low-glare illumination adds to a comfortable workspace, be it for business or leisure.

Microprism

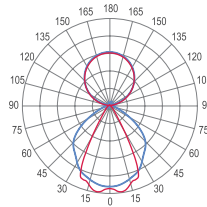

Honeycomb

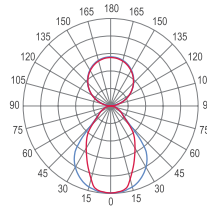

Opal

Direct / Indirect

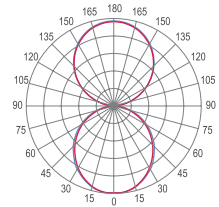

The indirect light generated illumination creates a sense of open space while retaining a feeling of coziness.
