

HOLECTRON

Neman
Mesh

Build unexpected

Surprising. Light up spaces in new creative and unexpected ways through use of highly modifiable shapes of Neman Mesh.

Adaptable. Build Mesh structures by joining different shapes and elements into a single network. Make luminaire part of your creative expression to create the genuine lighting masterpiece.

As vast and astounding as your imagination is.

One mesh, many options

Direct. Indirect. Or both?

Mesh system offers direct, Indirect and Direct/ Indirect modules that can be combined together in a single Mesh system

Technical details

Light output

Low output: 1500 lm/m

Standard output: 2100 lm/m

Spectrum

Static white: 2700K / 3000K / 3500K / 4000 K
CRI80+ / CR90+ / CRI95+

Tunable white: 2700-6500K / Custom CCT range
CRI80+ / CR90+ / CRI95+

Optics

Honeycomb / NemanX Louvre / Microprism / Opal

Feed cable

Single lead cable per Mesh system.

Order example

Ordering item list

3 pcs	LED modules Neman P CMD MP W17 930 PB L1400 DA	1 pcs	Y3 joint (suspension rope included)
3 pcs	LED modules Neman P CMN MP W17 930 PB L1400 DA	5 pcs	Endcaps
1 pcs	X4 joint (suspension rope included)	5 pcs	Suspension rope

Mesh system components

Create a Mesh system of any size by combining these components.

Modules

Parent modules

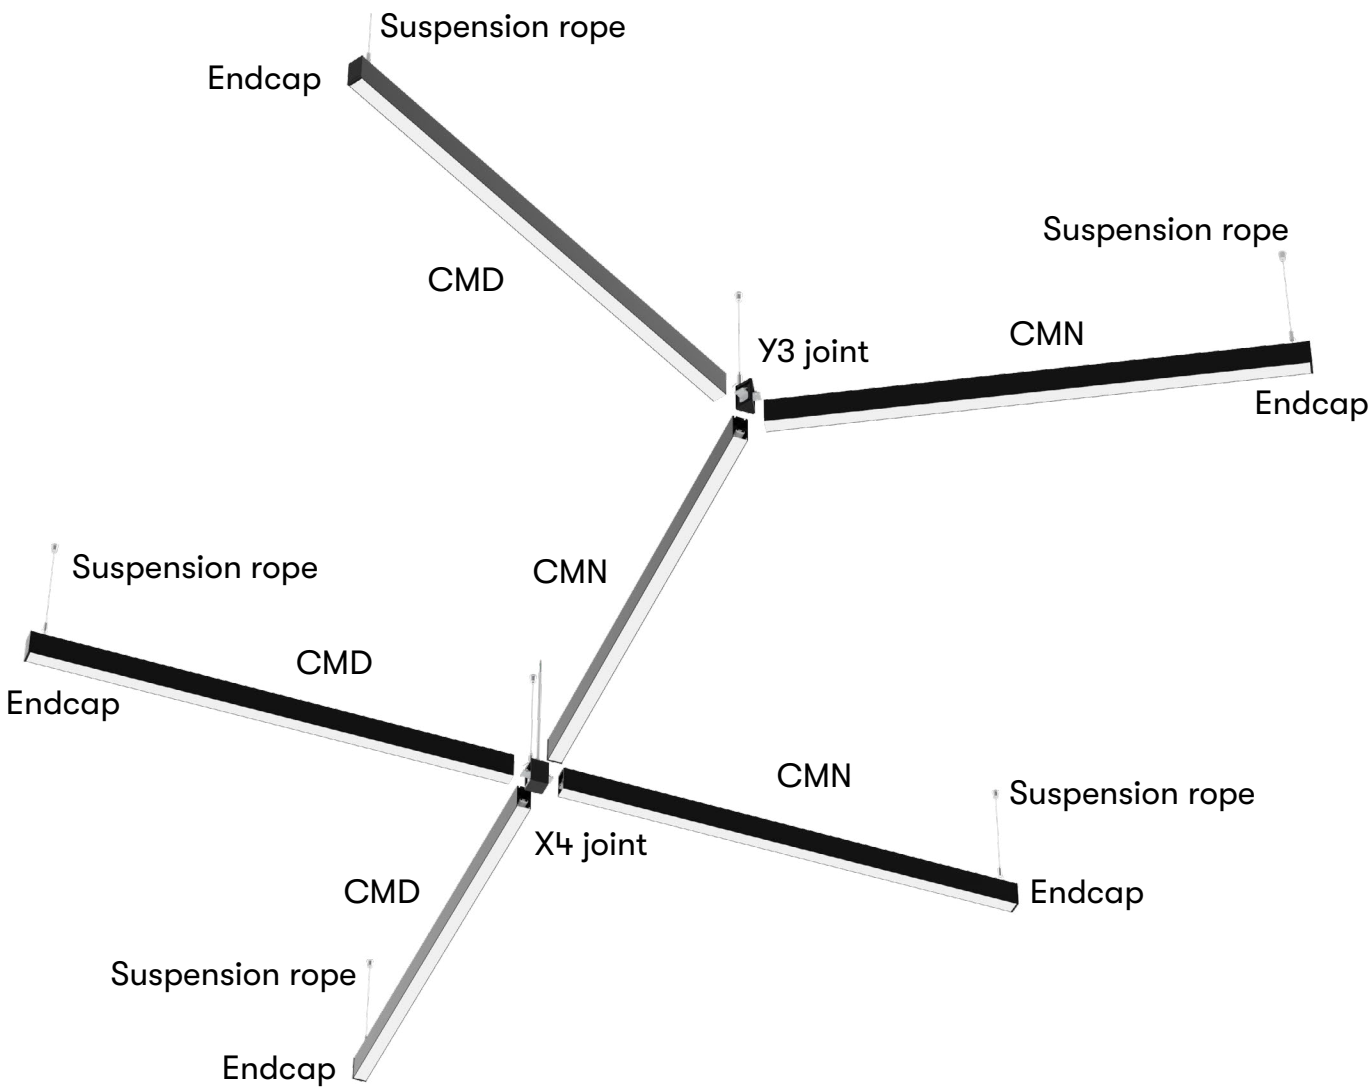

CMD type	
560 mm / 1.8 ft	<input type="text"/>
840 mm / 2.8 ft	<input type="text"/>
1120 mm / 3.7 ft	<input type="text"/>

3080	-	3087.5	3104.8	6127.8

Single feed cable

Only one mains feed cable to supply the whole mesh system. Each module passes mains power to all connected modules through its own integrated through-wiring system.

Feed cable length

2 m transparent mains feed cable supplied with each system.

Hexagons

Make your own pattern by joining and combining hexagon shapes.

Lines & Squares

Get creative - try different patterns, combine shapes or come up with your own.

Unleash imagination

Unleash your imagination and try different patterns, combine shapes, or even create original ones.

Shape your light

Direct

Bring out emotional lighting effects using various direct light optics.

Honeycomb

Microprism

Opal

NemanX 30°

NemanX 60°

NemanX 90°

Direct / Indirect

The up-light provides general illumination by reflecting off of the ceiling. The down-light is excellent for task lighting, offering a low-glare beam, well-suited for workspace illumination.
